**Deck Builders You Can Trust To Get The Job Done Right!**

 <b>BOSTON HARDWOOD</b> DECKS	<b>Typical Contractors</b>
<b>Customer Satisfaction</b> Our priority is customer satisfaction. We strive to exceed expectations and ensure a smooth, stress-free experience from start to finish	<b>Poor Customer Service</b> Some prioritize their schedule over client needs, leading to poor customer service and overlooked details.
<b>Personalized Design</b> We work closely with our clients to create custom designs that suit their lifestyle, preferences, and budget.	<b>Cookie-Cutter Designs</b> Many contractors offer generic, one-size-fits-all designs without considering the client's unique preferences and lifestyle.
<b>Trustworthiness</b> We don't cut corners, look at our project feedback on our website. People regularly rate us highly for our attention to detail in everything.	<b>Cut Corners</b> The job gets finished poorly, but the company is unwilling to take responsibility. They blame you for not noticing it sooner.
<b>Unbiased Advice</b> We make sure you have all the options in hand before making a decision. Even if it means that we don't get the job.	<b>Constant Upselling</b> The builder only recommends solutions that they offer rather than giving you options based on industry best practices.

Josh did a great job replacing my rotting wood balcony with composite. He did the job in the 2 days he said he would and pointed out some good fixes that will improve the balcony long term. Would definitely recommend!

Joshua is wonderful to work with and is breath of fresh air! Him and team produce high-quality work. I've used him for a few projects now and am very satisfied from start to finish from communication, payment, etc.

Joshua and Michael were amazing to work with! I had front steps that were in desperate need of repair and just kept putting the project off. When I was finally ready to start Joshua was incredibly responsive, detailed, and communicative throughout the whole process. They started exactly when they said they would and finished right on time!
